We've Been Invited to be a Network Expert...

I've been invited to be a Network Expert on [GetEntrepreneurial](#). This is a great resource for entrepreneurs and I'm honored to be included. I look forward to sharing knowledge and helping business owners.

This also should help improve the experience for Wealth and Wisdom readers by exposing you to a wide range of entrepreneurial news and advice.

I also recommend you check out their blog. Our focuses are similar but they have a different perspective.
