Happy fourth of July...and weekly links

I hope you all have a great weekend and take the time to reflect on the sacrifices that gave us this great country. For two centuries our soldiers and sailors have put their lives on the line so we can be free. So fly your flag and enjoy the fireworks. Spend time with friends and family. Take time to celebrate the birth of the greatest country in history.

Today would also be a good time to reflect on *your independence*. What are you doing to free yourself from the daily grind? Have you started a business or are you still on the sidelines? If not take action today. Start small and let it grow into something profound.

If you are already out on your own, what have you done to allow yourself to enjoy the fruits of your labors? Have you set up systems and procedures so you can begin to outsource or hire employees?
